College Park Church of Christ

September 2011

Upcoming Sermon Series

We value personal liberty, self reliance, personal accomplishment and achievement. As a result we often see needing others and depending on others as a sign of weakness. Other times we seek independence from others because we have learned, often painfully, that people will let you down.

Biblically you find a different picture of life, one of community. We are created for community, both with God and with each other. Starting on Sunday, September 11 and continuing for 9 weeks we will look at the need for biblical community, seek to understand it better, and apply it to our lives.

“Christianity means community through Jesus Christ and in Jesus Christ. No Christian community is more or less than this. Whether it be a brief, single encounter or the daily fellowship of years, Christian community is only this. We belong to one another only through and in Jesus Christ” -Dietrich Bonhoeffer

"We the undersigners, do hereby establish the Church of Christ located on Paper Mill Road in Winchester, Virginia as a New Testament Church. Independent of all other sister congregations and not subject to any organization, council or convention other than this local congregation and the commands of our Savior Jesus Christ; which are found in the Holy Scripture."

History of College Park

During the summer of 1963 a group of Christians begin meeting at the Stephens City, Virginia, Fire Hall with Roger Tuning ministering.

That fall (September 15) they will move their location to the U.A.W Union Hall on Paper Mill road in Winchester, Virginia. They will hire their first full time minister, Terry R. Tuttle.

On September 22, 1963 the church charter is officially opened and remained open for one month. During that time 31 people signed as charter members. It is here that the Church of Christ, Paper Mill Road had its beginning.

1965, Winchester, Virginia G.C. Richards is called to be the second full time minister and began his duties in December of that year. The congregation began looking for a place to build a permanent building and in 1967 a

piece of ground was found in the College Park sub-division.

The church held a ground breaking ceremony April 16 and construction began April 21. The church moved into the building on October 15, just six months after construction had began. The Church of Christ, Paper Mill Road becomes the College Park Church of Christ. The building was officially dedicated on November 5th 1967.

Today the College Park Church of Christ is still located in the College Park sub-division (106 Purdue Drive). The church located here bears witness to the faithfulness of God. There have been good times and there have been difficult times but through it all God has been faithful.
